

The Trailer Tyre that Leads the Way.
Built to last longer and perform better.

NEW R168PLUS R168

R168PLUS

R168

Reliable tyres are critical to the safety, efficiency and profitability of your operations. Keeping this in mind, we have designed the R168PLUS and R168 range as a contribution to lowering your tyre related operating costs.

Outstanding cost/km performance:

- Long first life thanks to advanced tread technology and high performing compound
- Extremely durable casings for excellent retreadability and multiple casing life
- Highly resistant to irregular wear and stone penetration

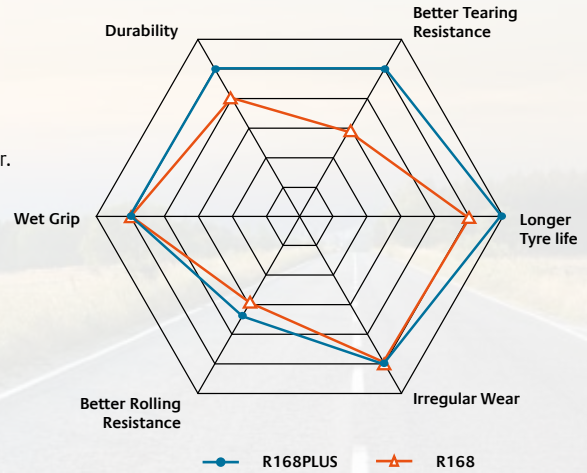

NEW R168PLUS - 385/65 R 22.5

THE ABSOLUTE PERFORMER

Bridgestone pushes the boundaries of efficiency, performance and tyre life even closer to the limit with the R168PLUS, currently available in 385/65 R 22.5. Vastly superior tearing resistance, reduced weight, lower rolling resistance and longer tyre life add up to an even lower cost per km compared to its predecessor.

INCREASED DURABILITY AND MILEAGE POTENTIAL THROUGH:

- **Advanced compound:** The R168PLUS integrates Bridgestone's latest reinforced compound technology, delivering better performance, higher durability and improved tear resistance.
- **Robust casing construction:** The R168PLUS features a wider top belt for better protection against penetrations. The special tread design helps to avoid stone retention and has high resistance against tearing and chunking.

EXTEND THE LIFE OF YOUR TYRES

Your tyres are a major investment. Which is why Bridgestone helps you maximise your returns by minimising your cost per km over the entire lifecycle of your tyres. Welcome to Total Tyre Life!

FIRST LIFE

The R168PLUS' and R168 robust construction and superior compound make the range incredibly resistant to penetration, abrasion and general wear. Resulting in excellent retreadability.

EXTENDED LIFE

Get even more out of your premium Bridgestone tyres with the advanced **Bandag R168 retreads**, offering outstanding levels of quality, reliability and mileage performance, similar to those of your original Bridgestone tyre.

Available in the following tyre sizes:
385/55 R 22.5, 385/65 R 22.5 and 425/65 R 22.5.
